

COURSE DETAILS

Our course schedule, price and booking form can be obtained by contacting us by phone on 01353 661398 or email to akeva.safety@btinternet.com

Please note that the cost of this course will include over £100 worth of CITB publications per student, registration with the CITB, lunch and refreshments.

If you are in-scope and registered with CITB-ConstructionSkills you may be able to claim an attendance grant and an achievement grant to offset the cost of the course (for full details see www.cskills.org/grant).

PROVIDING YOUR HEALTH & SAFETY SOLUTIONS

SITE MANAGER'S SAFETY TRAINING SCHEME

The SMSTS is one of the most widely recognised courses developed to assist delegates gain a better understanding of their duties under the various sets of legislation.

This five day course is designed to provide attendees with the skills and knowledge to enable them to manage health and safety on site and to develop a sound understanding of their legal, moral and social responsibilities.

The course is very intensive, but enjoyable, with a comprehensive course programme.

WHO SHOULD ATTEND THE COURSE?

This course is designed for those who are responsible for planning, costing, organising, monitoring, controlling and managing staff and contractors on construction sites.

Persons who would benefit from this course include Site Managers, Project Managers, Agents, Quantity Surveyors, Contracts Managers, Directors and Supervisors as well as Proprietors of smaller building companies.

COURSE AIMS

The course aims to give delegates an understanding of their responsibilities for the health, safety and welfare of persons employed on, or affected by, construction works.

BENEFITS

This qualification is an ideal means of providing evidence of sound health and safety management on site. It is also a requirement for contractors working on behalf of member companies of the Major Contractors Group.

HEALTH & SAFETY IS AN
INTEGRAL PART OF SITE
MANAGEMENT.

DISCOVER WAYS TO MAKE
YOUR SITES SAFER & MORE
PRODUCTIVE .

TRAINING & ASSESSMENT METHODS

The course will be in the form of a PowerPoint presentation along with tutorials and group exercises. Delegates will be continually assessed and required to complete an end of course exam.

COURSE CONTENT

The course covers the Health & Safety at Work Act and Regulations relevant to the construction industry. The contents includes site set-up, CDM, Risk Assessments and method statements, work at height, electricity, excavations, demolition and confined spaces as well as recent changes in accepted working practices.

COURSE NUMBERS

Min 6 – Max 20 (Course Nos are set by the CITB Site Safety Plus Scheme Rules).

CERTIFICATION

Successful participants will receive the CITB Construction Skills Site Management Safety Training Scheme Certificate which is valid for 5 years.

TUTOR

Kevin Symons, the Director of Akeva Safety Solutions Ltd, is your tutor throughout this course. Kevin is a Chartered Member of the Institute of Occupational Safety & Health and is a Registered Member of the Association of Project Safety (CDM Co-ordinator), who regularly runs courses as a contract trainer for the CITB.
